

5th International Conference On Information Communication Technologies in Health ICICTH Samos 2007

July 5-7, 2007, Samos Island, Greece

Selected Papers Published: "The Journal on Information Technology in Healthcare" (<http://www.hl7.org.tw/jith>)

Organizers:

- Research and Training Institute of the East Aegean (INEAG), Greece
- University of Athens - Faculty of Nursing, Greece
- University of Missouri, Columbia – Dept. of Health Management & Informatics, USA
- Friedrich Alexander University of Erlangen Dept of Medical Informatics, Germany
- UMIT – University for Health Sciences, Medical Informatics and Technology, Austria
- GHIA – Greek Health Informatics Association

Under the Auspices of Hellenic Ministry of Health and Welfare

Main Sponsor:

1 Hellenic Ministry
of Health and Social Welfare

2 Hellenic Ministry of Economy
and Finance

SIEMENS

Global network of innovation

Sponsors of Communication: **Hospital Post**

Dear Colleagues,

Welcome to the 5th International Conference on Information Communication Technologies in Health. The ICICTH SAMOS 2007 Conference will seek to address the many challenges and new directions presented by technological innovations in the Health Care Sector. Telemedicine and eHealth are among the hot topics of the conference - as insinuates the title of the conference. The 5th ICICTH SAMOS Conference is an effort of the Research and Training Institute of the East Aegean and the National and Kapodistrian University of Athens.

On behalf of the Scientific and the Organisational Committee, I invite you to Samos Island, and to the 5th ICICTH 2007.

Sincerely,

Professor Kyriakos Emm. Kioulafas

Chairman of the Organisational Committee of the 5th ICICTH

SCIENTIFIC COMMITTEE

Chairman: Arie Hasman	Professor, Dept of Medical Informatics, University of Amsterdam The Netherlands
John Mantas, PhD	Professor, Director of the Health Informatics Laboratory National & Kapodistrian University of Athens
Rolf Engelbrecht, PhD	Associated Professor USMF Chisinau Telemedicine and Electronic Health Record medis-Institute, GSF National Research Centre, Germany
Hans-Ulrich Prokosch, PhD	Professor, Dpt of Medical Informatics, Biometrics and Epidemiology Alexander UniversitŠt Erlangen-NŸrnberg, Germany
Elske Ammenwerth, Ph.D	Associate Professor, Research Group Assessment of Health Information Systems UMIT - University for Health Sciences, Medical Informatics and Technology
Albert Guvenis, PhD	Associate Professor, Institute of Biomedical Engineering, Bogazici University, Turkey
Dimitris Koutsouris, PhD	Professor, Biomedical Engineering Laboratory, National Technical University of Athens (NTUA)
Dimitrios Fotiadis, PhD	Professor, Unit of Medical Technology and Intelligent Information Systems Dept. of Computer Science, University of Ioannina
Eleni Kaldoudi, PhD	Assistant Professor, School of Medicine, Democritus University of Thrace
Ilias Maglogiannis, PhD	Lecturer, Dept. of Information and Communication Systems Engineering, University of Aegean
Petros Kostagiolas, PhD	Lecturer, Dept. of Archive & Library Science, Ionian University, Greece

CALL FOR PAPERS

All papers are peer reviewed by members of the Scientific Committee.

If you would like to present at the 5th ICICTH SAMOS 2007, and have your paper published in the Conference Proceedings, submit it to icicth@ineag.gr (**attention Dr. Maria Katharaki**). Selected papers will also be published in **"The Journal on Information Technology in Healthcare"** (<http://www.hl7.org.tw/jith>) after peer revision by members of Conference's and Journals' Scientific Committees.

More information: www.ineag.gr/ICICTH

CONFERENCE AIM AND THEMES

The aim of 5TH ICICTH SAMOS 2007 is to provide a forum to discuss achievements and actual experiences, specific topics in Medical Informatics focusing on innovative methods and approaches. This year's conference focuses on the contribution of e-health management to health care process (e-Health), to education (e-learning) and to health research.

Proposed conference themes:

- E- Health Management
- Evaluation of Health Information Systems
- Integrated Care/Shared Care/ cooperative health information systems
- Patient empowerment
- Introducing electronic medical records (pitfalls and success stories)
- Clinical Physician Order Entry (CPOE)
- Mobile applications for patient care

DATES OF IMPORTANCE

April 15, 2007: Deadline for submission of proposals

May 5, 2007: Notification on acceptance of proposals

May 20, 2007: Deadline for submission of full papers

May 20, 2007: Early registration

CONTACT INFORMATION

For further information about ICICTH SAMOS 2007 or to be placed on our mailing list, please contact:

Founded in 1995 on Samos Island, by the Samian Professor of the National and Kapodistrian University of Athens Kyriakos Kioulafas, the Research and Training Institute of East Aegean (INEAG) has engaged in activities aimed at contributing to the development of the East Aegean.

INEAG has established a modern technological infrastructure and has been involved in the organization of international world gatherings, including, conferences, educational seminars

and summer schools. The Institute also participates in European Programs and is in continuous cooperation with scientific bodies from across the world.

INEAG's main activities during 1996 - 2006 can be summarised as follows:

- **Research**
- **Publications**
- **Conferences**
- **One day Seminars**
- **Telematics Services**
- **Education - Training**
